

Pallets

Cellastac™, IBC's & export pallets

February 2007

Pallets

Cellastac™ Pallet

The Cellastac™ pallet is purpose made for the storage and stacking of wine bottles using cellastac™ sheets. The pallet is made to the Standard Australian size and has seven top and bottom boards with layerpads attached.

Product code	Size mm
CSPAL	1165x1165

Export Pallet

If you are exporting you need low cost, one way wooden export pallets which are AQIS approved. Our export pallets are heat treated and carry the ISPM15 certified stamp to meet International Standards for Phytosanitary Measures No. 15.

Product code	Size mm
EXP1145	1145x1145

Pallecon IBC

Pallecons are an ideal Intermediate Bulk Container (IBC) for the safe storage and transportation of wine or juice. They are fully collapsible and a low cost alternative to plastic bins and other containers.

Note: Pallecon IBC's are ex-rental stock
